

Lee County Fire Marshals 7th Annual Clay Shoot 1-18-2025 Leefiresafety.com

Join us in supporting the Lee County Fire Marshal's and Inspectors Association at our 7th Annual Clay Shoot! With thousands of views across social media, our website, and radio advertising, this event is an excellent opportunity for visibility.

Our agency is dedicated to keeping business owners, residents, and firefighters safe from fire hazards. We work tirelessly to ensure that no business or home is closed or displaced due to fire. Can you help us achieve these goals? Your sponsorship will make a significant impact in our community and support our mission of safety and prevention.

We are dedicated to education and prevention in fire safety through various initiatives. Our county-wide safety trailer program brings vital fire safety education to children and families throughout Lee County, teaching them how to navigate fire hazards in their homes. We offer classes for both members and non-members on essential topics such as fire sprinklers, alarms, pumps, fire stopping, fire walls, building construction, and more. Additionally, contractor-sponsored side-by-side burn displays demonstrate the devastating effects of fire and highlight how sprinkler systems save lives during Fire Marshal events.
